Our Bookcase Door. It’s the strong, silent type. Only better looking.

Attractive and extremely functional, our Bookcase Door System offers a distinctive, space-saving option for closets, pantries, wall safes, wine storage, home offices or hidden rooms just past the threshold. It’s built strong with durable Furniture Grade plywood that supports a load of up to 500 pounds, yet is quiet and extremely easy to open and close. Ideal for both residential and commercial applications, the four fixed shelves (center and bottom) heighten the doors’ integrity, plus eight adjustable shelves allow for quick customization. Available in White, Oak, Maple and Cherry vinyl-lam, paint grade MDF, and Oak, Maple and Cherry hardwood veneers. Hardwoods are finished with environmentally-safe clear and customized stain and paint or are furnished unfinished. Doors arrive semi-assembled with our durable, heavy-duty roller system and multi-position steel upper wall guide for long-lasting, smooth operation. A fine example of our commitment to innovative craftsmanship, the Bookcase Door System is a unique design option for homes, lofts, efficiency units, offices, or anywhere space is limited or privacy is important.

Custom widths from 36” to 66” and in heights up to 96”
The Nuts And Bolts Of Our Nuts And Bolts

Our exclusive steel hardware hinge system is designed to keep doors operating smoothly and lends fantastic strength and long-term durability. It also means the doors stay solidly in place while both open and closed.

The Woodfold Guarantee

Like our custom Accordion and Roll-Up doors and Hardwood Shutters, the Bookcase Door System is warranted against failure due to defective materials or workmanship.

Shipping Information

Woodfold Bookcase Door Systems are shipped semi-assembled with minimal installation required. Instructions are included.

Shipping Schedule: Unfinished, 2 weeks. Clear lacquer, 3 weeks. Custom stains or paints (after we receive signed, approved acknowledgment), 3 weeks.
